

## SIX BALLOONS DRIFTING OVER STATES

### Bonus Up To White House

WASHINGTON, D. C., April 24.—(By the Associated Press)—Advocates of the bonus bill entered their attack today on the White House. Passage of the measure would mean a substantial increase in the federal deficit, but it is expected to be ready soon for President Coolidge's consideration.

No word on the subject of bonus legislation has come from the president since his message to congress. He declared against a bonus at that time, but it had been predicted in some quarters recently that he might approve the measure. At the same time, however, the bill has expressed confidence that even if he should disapprove it sufficient votes were assured in both the house and senate to override a veto.

The bill was passed by the senate yesterday, 67 to 17, and the vote in the house was 355 to 54, much more than the necessary two-thirds majority required to pass a measure over a veto.

### Prominent German Politician Is Killed

BERNE, SWITZERLAND, April 24.—(By the Associated Press)—Dr. Karl Helfferich, eminent German financial authority, and his aunt, were among those killed in the collision of two express trains near Berlin, yesterday.

Dr. Helfferich, who was stopping at the private villa of his father-in-law in Berlin, was killed in the train wreck at Berlin, was confirmed today in a dispatch from the German consul at Lugano.

Dr. Helfferich, who was stopping at the private villa of his father-in-law in Berlin, was killed in the train wreck at Berlin, was confirmed today in a dispatch from the German consul at Lugano.

Dr. Karl Theodore Helfferich held many important government posts, including various times the positions of ambassador to Russia, secretary of the interior, vice chancellor and director of the Deutsche Bank. In January, 1933, during the World War, he became minister of the treasury and was in charge of the German war loans for the successful duration of which he was awarded the Iron Cross. ### McAdoo Asserts Wall Street Wants to Control U. S. Treasury

SACRAMENTO, CALIF., April 24.—(By the Associated Press)—William G. McAdoo, speaking in the interest of his candidacy for the Democratic nomination for president last night asserted Wall Street wants to retain control of the government because it desires to use the funds of the federal treasury.

"The bankers, he said, would rather control the treasury than any other divi-

### Daugherty Says Foundation Of Government Threatened By Methods Of Investigation; Blames Communists

COLUMBUS, O., April 24.—(By the Associated Press)—Bitterly assailing the influences which brought about his retirement from President Coolidge's cabinet and voicing a warning that the "very foundation of this government is threatened by present methods of investigation," Harry M. Daugherty told an audience of friends and neighbors here last night that he had given up his cabinet post rather than "contribute to a traceable cause."

Communism and its alleged influence on the federal government through certain United States senators was discussed at length. The former attorney general charged that the communist international at Moscow was directing propaganda in this country to the end of causing revolution. "There have been too many pilgrimages of late to Moscow and too few to Mt. Vernon," he said, "and too many of the latter kind have been in the collection of the press."

Commenting on his refusal to turn over to the Wheeler investigating committee department of justice files which he had prepared for the request by the president for his resignation, Mr. Daugherty said:

"I preferred to permit my integrity to be questioned and my honor to hang in the balance, for the time being, rather than surrender the files in the (Continued on Page Three)

### Senate Ready For Tax Reduction Bill

WASHINGTON, D. C., April 24.—(By the Associated Press)—The senate cleared the calendar of some minor bills today preparatory to plunging into consideration of the tax reduction measure, the major item on its legislative program and the most controversial. The revenue bill was made the unfinished business of the senate yesterday immediately after passage of the bonus bill.

Expecting to get to work on the bill late today, Chairman Smoot, the finance committee declared it would be held before the senate until definite progress had been made towards its disposition.

He predicted at least two weeks would be required for consideration of the bill, but other leaders expressed the opinion that more time would be necessary.

Only five weeks remain before the time tentatively set by leaders of both the senate and house for adjournment. The second installment of 1933 income taxes falls due June 15, and the provision for a reduction of 25 per cent in these levies is contained in the pending bill.

### British Complete Fifth of Trip

KARACHI, BRITISH INDIA, April 24.—(By the Associated Press)—The flight of 700 miles here from Bundar Abbas, Persia, by Stuart MacLaren and his companion in the British around-the-world venture was made without incident. The weather conditions were ideal and the arrival was exactly on schedule time. All the airmen were in excellent health, although a little weary and somewhat deaf. Their arrival here ends the first stage of their world flight. They now have covered 4,890 miles, or approximately one-fifth of the total distance. The next section, to Tokyo, is roughly 5,850 miles.

## Jilted Woman Kills Man; Shoots At Wife Of "Lover" She Sought

CHICAGO, April 24.—(By the Associated Press)—Miss Wanda Stopa, formerly of Detroit, accompanied by a man, invaded the country home of N. H. Smith, an advertising man, today, shot and killed Henry Manning, caretaker, and fired two shots at Smith's wife.

"I am going down town and kill him too," Miss Stopa was alleged to have screamed as she and her companion fled in an automobile.

The police rushed a detail to the office of John H. Dunham and Company, where Smith is employed, and took him to the state's attorney's office and left a guard.

Smith explained that Miss Stopa, with whom he said he formerly had been friendly, according to the state's attorney, had demanded that he divorce his wife and marry her.

Smith said he had met Miss Stopa when she was employed in the office of the United States District Attorney here. He had returned to Detroit some time ago, he said, and he expressed the belief that she came here to the office of John H. Dunham and Company, where Smith is employed, and took him to the state's attorney's office and left a guard.

Smith Stopa and her companion, whose name was said by County Highway Police, to be Ted Glasgow, failed to appear at the Dunham offices and they are being sought.

According to Smith's associates, Miss Stopa had been connected with Bohemian circles in the North Side Art Colony where she has lived. They declared she previously had annoyed him.

It was first believed that Manning, the caretaker, had been killed because of mistaken identity, but the highway police later believed his presence merely was responsible.

Miss Stopa and her companion, according to the police, forced themselves into the Smith home, but Smith had departed for his office, rushing into the living room, the young woman began firing according to the police, one shot killing Manning and two others narrowly missing Mrs. Smith.

Miss Stopa had the title of Assistant District Attorney for a time. She was a stenographer and was graduated from a local law college, and admitted to practice at the Illinois bar in 1921.

She was sworn in as an assistant district attorney to give her admittance to the grand jury room for the taking of stenographic notes and for a time acted as an assistant district attorney. She previously had been employed in law offices.

She was declared by the police to be mentally normal and after previous trouble had persuaded her to submit to examination by an alienist. The latter had declared her apparently sane, but highly emotional, Smith said.

Last Monday he said Miss Stopa telephoned him from New York and said she was coming to Chicago. He said he disconnected the telephone, ending the conversation.

"She had bawled me for months, trying to get me to divorce my wife and marry her," Smith said.

Although denying his relations with Miss Stopa had been other than those of a business character, Smith said he rented her an apartment in his town residence one summer. This, he said, explained the appearance of her name at the same address as shown by the city directory. Smith and his family moved to Palos Park three years ago.

After the shooting Miss Stopa leaped through a window, Smith said. He was in a dentist's office when notified by his wife of the shooting. Manning was killed, he said, when he tried to eject Miss Stopa.

### Pile Up Evidence Against McGray

INDIANAPOLIS, IND., April 24.—(By the Associated Press)—Testimony intended to show that Governor McGray obtained large sums of money by selling and discounting alleged worthless and forged notes, was continued today as bankers from over the state took the stand for the government at the trial of the executive in federal court on a charge of using the mails in furtherance of a scheme to defraud.

About half of the 175 witnesses summoned by the prosecution, have been examined.

### Pay Tribute To Murdered Policeman

COLUMBUS, O., April 24.—(By the Associated Press)—Citizens stood in the streets with bare heads as the body of the murdered policeman, Troy Stewart, escorted by two battalions of police, headed by a band, was carried to the Union Station today to be sent to Evans, West Virginia, for burial.

The funeral was headed by Mayor Thomas, Safety Director McKeown and Sheriff Director French.

### White Slavers Captured

CHICAGO, April 24.—(By the Associated Press)—Two men and a woman said by police to be principals in nationwide white slave ring, and three girls believed to be their victims, were taken into custody here today.

One of the alleged victims has been identified at Helen Stock, Chicago High School, who disappeared from her fashionable home last Sunday. The police will turn the case over to the federal government for prosecution under the white slave law.

## Coolidge Gained Friends By His Policy Advocated In Speech Before Newspaper Publishers

BY DAVID LAWRENCE

COLUMBUS, O., April 24.—President Coolidge, his personality, political future and doctrines of public policy were dissected by the editors and publishers in annual convention here.

Many of them had never before heard Mr. Coolidge make a speech. Some had never seen him. Gathered as they were from all parts of the country, representing every political creed and economic viewpoint, the newspapermen furnished an interesting cross section of American public opinion.

There was almost universal agreement that Mr. Coolidge lacked eloquent power in delivering his address, a circumstance judged partly by the fact that he read from a manuscript. There were those among his Republican friends who thought this occasion a fitting opportunity to "sell his personality" to the editors.

In the sense that Mr. Coolidge made his speech without dramatic effects and in the even tones which contrast with the old time addresses of Roosevelt, the President did not come up to the expectations of many of his auditors. In other words, regarded purely as a campaign speech, it did not have the political flavor of rousing appeal so characteristic of efforts on the stump.

But it would be a mistake to accept (Continued on Page Three)

### Poses Capture One Slayer; Hunt Other

LUBBOCK, TEXAS, April 24.—(By the Associated Press)—The wild west came back to the Texas Panhandle with a vengeance when Bill Ward, neglected cowboy, let loose and led a posse of 300 on a two day chase. Bill was finally rounded up in a concrete dipping vat in the middle of a huge pasture with a dozen rifles and revolvers after exhausting his store of ammunition. Ward was brought to jail here last night and admitted murdering Dr. F. H. Windham, a rich rancher, for whom he worked. Ward said he believed the ranchman had planned to poison him and officers believe he was suffering from hallucinations.

### House Takes Up Agricultural Bill

WASHINGTON, D. C., April 24.—(By the Associated Press)—The house was ready today to dispose of the agricultural appropriation bill and take up the proposed constitutional amendment providing for congressional regulation of the labor of children under eighteen years of age.

Special rules provided for one hour of debate on the appropriation measure, with its passage regarded as certain and for limitation of general debate on the amendment to six hours.

Supporters of the amendment which was introduced by Representative Foster, Republican, Ohio and reported by the judiciary committee last month, planned to bring it to a vote in the house before the week-end recess.

Women's organizations throughout the country have been active in behalf of the proposed amendment which its proponents believe offers the only means of obtaining an enforceable federal law, sent to Evans, West Virginia, for burial.

The funeral was headed by Mayor Thomas, Safety Director McKeown and Sheriff Director French.

### Wife Dead; Must Serve On Jury

PITTSBURGH, PA., April 24.—(By the Associated Press)—Unaware that his wife had dropped dead of heart disease in her home, August Lippert, a member of a jury trying a murder case in criminal court, was locked up last night with others of the jury. Under the law Lippert is unable to leave the court until the end of the trial. He will be told of his loss today.

### Scores Coolidge In Handling Of The Nation's Foreign Affairs

COLUMBUS, O., April 24.—(By the Associated Press)—Bitterly assailing the administration of President Coolidge in its handling of foreign affairs, Senator Hiram Johnson, California, candidate for the Republican presidential nomination last night, paid tribute to the United States senate for handling the Japanese immigration question in "a purely American way."

Those countries overseas, he said, were "two-thirds from 'America,'" Johnson said. "The first is our money and the second is our men."

Taking issue with President Coolidge on the world court, the California senator charged that the court was only an "easy entrance" to the League of Nations which the American people repudiated so thoroughly in the last general elections.

The address last night was the third of a series of six in the state. Senator Johnson speaks tonight at Akron, Friday night at Toledo and closes his Ohio campaign at Cleveland Saturday night.

### WOMAN MAY GIVE KEYNOTE ADDRESS OF DEMOCRATS

NEW YORK, April 24.—(By the Associated Press)—A woman, for the first time in the history of the country's major political parties, may sound the keynote of the Democratic party's 1934 principles and preside at a temporary chairman of the Democratic National Convention in Madison Square Garden next June.

The possibility was admitted when it was reliably reported last night that the subcommittee on convention arrangements had the choice of a woman under consideration. The subcommittee's choice will not be made known until after the middle of May.

Although members of the subcommittee, as well as Cordell Hull, chairman of the national committee, declined to discuss the matter, there was no denial that the suggestion had been made and received with considerable favor. The committee was said to have gone so far as to discuss several of the party's foremost women politicians and it was reported that the name of Carrie Chapman Catt had been brought into the discussion in connection with the post.

Tex Rickard, lessee of Madison Square Garden, has presented the national committee with a rent free lease of the Garden. The general expenses of the hall and the overhead cost paid to approximately \$1,000 daily, will be taken care of by Rickard, it was announced.

## CRAFT ARE SIGHTED; NO WORD SENT BY CREWS

DALLAS, TEXAS, April 24.—(By the Associated Press)—Balloons entered by the national elimination race which took the air here late yesterday, were still up at noon today and flying northward, according to available reports received here. News dispatches indicated that the huge bags still were hovering over Oklahoma and Texas territory. Host of the reports said that balloons were traveling high, making their identification impossible.

One unidentified bag was reported nearly dragging on the ground near Denison, Texas, early this morning and was thought to be experiencing difficulties.

The point farthest north from which a report was received, was Blackwell, Oklahoma, where a balloon flying eastward, was sighted at 10:40 a. m.

The army wireless station here was notified word from the pilots and a watch was being kept for the return of carrier pigeons. It was learned today that Captain H. H. Honeywell, the veteran pilot at the last minute yesterday afternoon, had refused to take a basket of pigeons with him because of a superstition that pigeons bring bad luck.

Captain Honeywell's balloon is the only one equipped with a radio broadcasting set. The other balloons are carrying receiving sets only with the exception of B. H. Fournier, who is carrying only pigeons.

Exceptional interest is attached to the flight because of the experience in carrying out a national experiment because of power needed to operate the set might ignite the bag. Captain Boudinot, Honeywell's aide, however, is an expert in this as well as in meteorology, and his knowledge is considered a valuable asset to Honeywell.

The balloons, having receiving sets, have a decided advantage in being able to receive weather reports especially prepared for them. This is believed to be the first national balloon race in which radio stations have been able to serve as the communicating medium between free balloons and the earth.

SAN ANTONIO, TEXAS, April 24.—(By the Associated Press)—The little airplane of the volunteer members of the American Radio League, early today started on a vigil of listening for reports from the seven balloons which late yesterday after a perfect take off at Kelly Field started drifting northward in the national elimination balloon race.

No report of the balloons has been received since five of them passed over a ranch 30 miles northwest of here two hours after the start.

The eighth corps area under which arrangements for the race were carried out, is depending on the radio league volunteers for its information on the progress of the race, and hopes the balloons are sighted, they will remain on duty until the last entrant has been accounted for and the race ended.

Drifting across Texas for the first time at night, pilots of the seven balloons had an experience new even to the veterans of the race. Their flight, as they left the field, was out of the lanes of airplane travel and over a country sparsely settled by ranchers. After the first hundred miles they floated over a treeless plain carried by the gulf breeze, which usually blows steadily northward until encountering stronger currents from the west.

All of the entrants expect to reach the Canadian border before landing, except H. H. Fournier, San Antonio, who has the smallest bag entered, one of 50,000 cubic feet capacity. Fournier, a former aviator of the race, has been making the flight at his own expense solely to test the distance possible for a balloon of its size.

## Wheeler Is Given Clean Bill Of Health By Washington Attorney

WASHINGTON, D. C., April 24.—(By the United Press)—The defense continued to pile up points in the Senate investigation of the indictment of Senator Wheeler, of Montana. William C. Feely, Washington attorney, gave Wheeler a clean bill of health. Feely testified that he had handled Campbell's land matters before the interior department and that Senator Wheeler had "absolutely nothing" to do with them. Commissioner Spry of the department's general land office testified that Mr. Wheeler came to his office on one occasion, but told him he only was interested in seeing that Gordon Campbell, his client in litigation in the Montana courts "not a square deal" from the federal government in regard to his land interests. The commissioner added that the senator had talked to him only as another member of the senate or house might have done for a constituent.

### Stirring Sermons at Allen Chapel

Church workers of the North End are turning out in big numbers to hear the interesting gospel messages. Rev. Nathaniel H. Jeltz, evangelist, is delivering at Allen Chapel, where Findlay Street, N. E., and Allen Chapel are holding a union revival, which will last until May 5. "The Valley of Dry Bones" was the subject last night around which the evangelist built a word story that struck home to the hearts of many. One new member united with the church last night, although the first appeal to sinners to come to Christ will not be made until tonight. Tonight the subject will be "The Prodigal Son." Rev. Jeltz declared the campaign against the devil is now on and that the battle will rage with all possible fury until the final night. Rev. J. E. Wood of Findlay Street church and Rev. T. D. Scott of Allen Chapel addressed the congregation last night and appealed to the church officers to adhere strictly to their duty in order that they might be examples to those seeking the salvation of everlasting life. The special music is an unusual feature of the revival. Rev. J. E. Jeltz is in charge and directs the choros, congregational singing and renders special solo numbers.

Cottage prayer meetings are held each afternoon. Today the prayer services were at the homes of Mrs. Fred Harrison, Tenth street, and Mrs. Albert Ferguson, Fifteenth street.

Wife Charges Neglect  
Rebecca Blackwell of this city, charges neglect in her suit for divorce from Walter Blackwell, Meadowview, Washington county, Virginia, instituted Thursday in Common Pleas court. In her bill of complaint filed through Attorney Harry Ball, plaintiff, says that at the time she married Blackwell in March, 1920, he promised to provide a home by themselves, but avers that instead of doing so he took her to live with his parents, where they stayed for four months, at the end of which time she says she left because he refused to fulfill his promise to make her a home, besides, she declares, Blackwell has since neglected and refused to support her.

Divorce Suit Dismissed  
Judge Thomas has entered an order, according to an approved entry filed in the office of the clerk of courts Thursday, dismissing the divorce suit of Lewis D. Arthur, 50 Hilling avenue, Scottoville, against Stella Arthur, Hill street, New Boston. They were married in 1918 in Iron and Arthur brought the action seeking separation on the grounds of infidelity and neglect. The suit was dismissed because Arthur failed to prove his charges by that degree of proof necessary, in the opinion of the court.

Lebanese Seeks Naturalization  
George Lemneus, native of Greece, where he was born 35 years ago, filed his petition for naturalization in Common Pleas court Thursday. Lemneus, who is an ice cream dealer, migrated from his native land to the United States in 1911, and located in Portsmouth where he has lived ever since.

Land and Hoop Row at Hadden  
George Motes brought an injunction suit yesterday in Common Pleas court seeking to prevent Tassel E. Gardner from depriving him of the use of a strip of ground, staked off by the parties for the purpose of storing hoop-poles and shovels, on the defendant's premises in the village of Hadden, which plaintiff claims he has under lease dated February 1, 1921, for a term of five years. Plaintiff in his petition filed through Attorney George W. Sheppard, complains that Gardner has wrongfully taken possession of the strip of ground and asked for its return for storage purposes, and alleges that the defendant has thrown 35,000 shovels valued at about \$1,000, which had been stored on the ground, into a ravine. He says the hoops will become a total loss unless removed to their former location on the strip of ground. A temporary order was allowed to issue pending the final hearing.

Accused of Truancy  
Alfred Marlow, 16, was the name of a youth taken into custody Thursday and brought to the county jail where he is held to meet a delinquency complaint in juvenile court Friday for alleged playing hooky from school. The lad was caught by Attendance Officer Nutter.

Wife Granted Divorce  
On the ground of willful absence, Ethel Newman, 1620 Oak street, here, granted a decree by Judge Thoms, divorcing her from George Newman, address unknown, according to an approved entry filed Thursday in the office of the clerk of court. They were married in September, 1916, and lived together until January 20, 1921, when Newman left and failed to return. Since that date, which does not become effective for one year, the wife was awarded the custody and control of her three minor children, six, four and two years old. George W. # STABILITY

The whole gist of this chat is SAFETY for money. Every man who gets anywhere arrives by the road of sure and steady saving.

He wins because he puts his savings where they are SAFE, instead of trying to get "quick earnings."

The truth is: you haven't even a gambler's chance to "get rich quick."

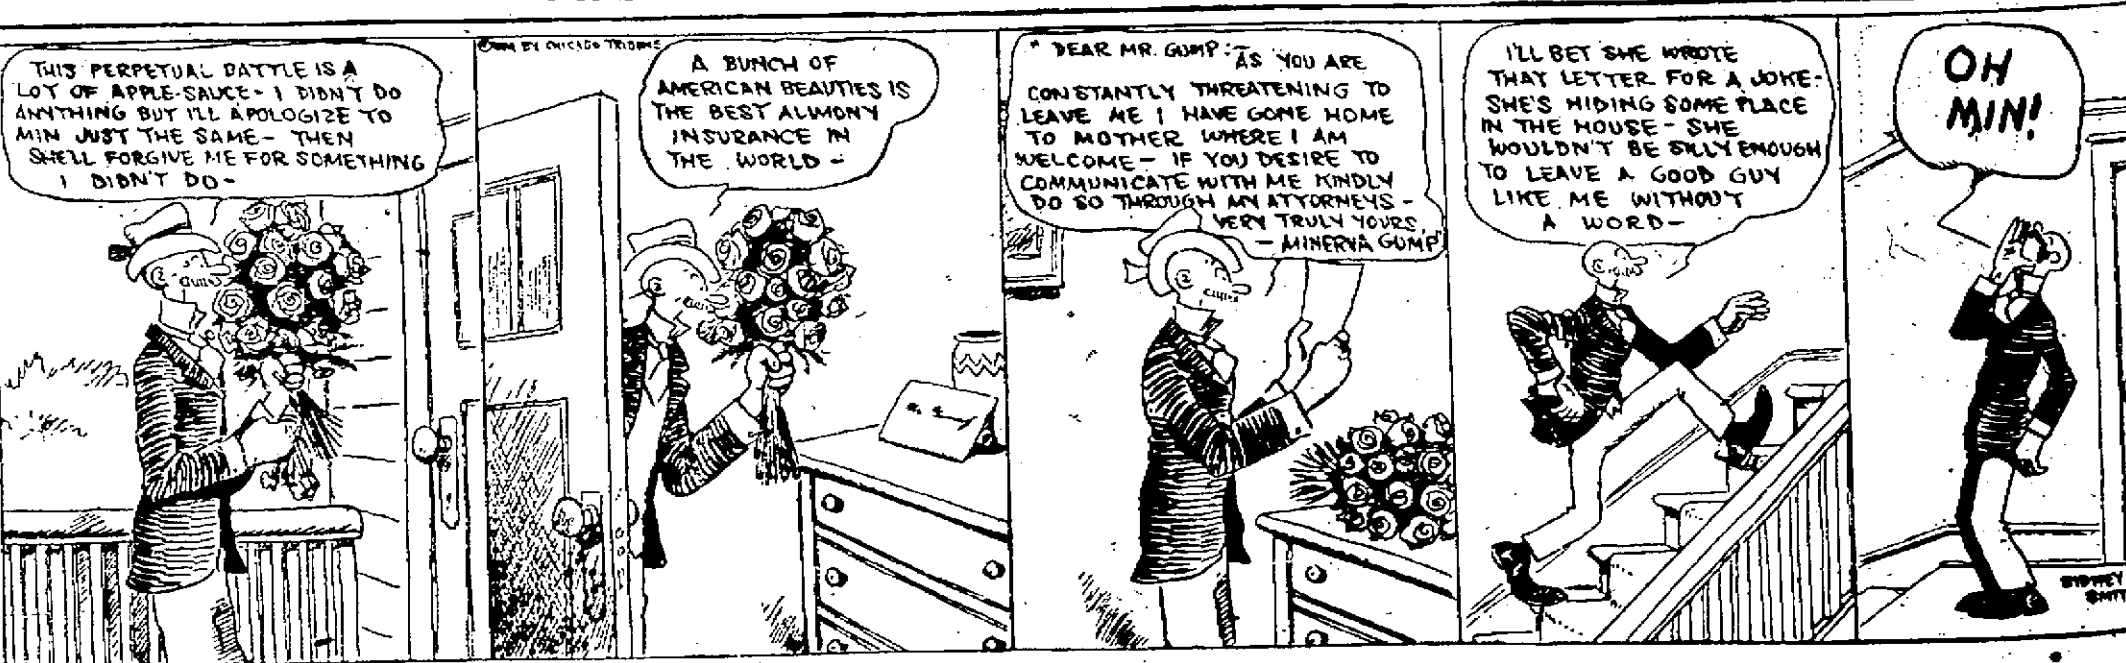

Take this sound advice: invest your savings here, where every dollar is backed by well managed first mortgages, principally on homes.

There simply isn't anything safer.

## Coolidge

(Continued From Page One)  
casual comments on the form of de-  
livery or personal appeal as conclu-  
sive. Something far more significant  
was disclosed to this correspondent  
as he mingled with the editors and  
collected their opinions. It was that  
the basic doctrine won widespread  
approval. Editors from the south,  
staunch Democrats, united with Re-  
publicans of the North in pronouncing  
Mr. Coolidge's thoughts safe and  
sane. An extraordinary amount of  
criticism was voiced against the num-  
ber of investigations being conducted  
in Washington, and it was ap-  
parent that some editors fear the effect  
of the happenings in the National  
Capitol may be to unsettle business  
and shake the foundations of prosper-  
ity.

Economic questions rather than  
political problems were in the back-  
ground of most of the publishers'  
minds and to the extent that Mr.  
Coolidge showed himself concerned  
about tax revision and other factors  
that might contribute to the business  
welfare of the American people, his  
speech made a profound impression.

For, if the truth be told, there was  
little partisanship in the comments  
heard. It was not as if Republicans or  
Democrats, but as persons interested  
in economic progress and reconstruc-  
tion that the visiting delegates  
spoke. Mr. Coolidge's conservatism  
struck a sympathetic response on the  
part of those of his school of thought.  
Irrespective of political af-  
filiations, Democrats, for instance,  
said they were glad Mr. Coolidge had  
come to recognize the necessity of  
economic cooperation with Europe,  
even though he was against formal  
political understandings with the  
rest of the world. Many of the early  
advocates of the league of nations  
favored that organization largely be-  
cause of a conviction that it would  
bring economic concord if America  
were to participate. What the Daves-  
dale to accomplish in the matter of  
reparations, they said, might have  
been done sooner had America not  
been swung too far away in its iso-  
lation policies since 1920.

But the interesting thing is that  
Republicans and Democrats seemed  
to agree that economic cooperation  
with Europe was necessary, as the  
President said, to get increased ex-  
port markets for agricultural and  
manufactured products. Mr. Coolidge  
was admired for his courage in con-  
tinuing his espousal of the world  
court, notwithstanding opposition in-  
side his party. He was given an en-  
thusiastic ovation when he announced  
that America would take the initia-  
tive in a conference to reduce fur-  
ther the burden of armament. Indeed,  
those who regarded the substance of  
the Coolidge address, rather than its  
delivery, thought it was tuned to the  
right note of conservatism which pre-  
dominated as the characteristic of the  
audience. Dissenting expressions  
were largely confined to those who  
assessed the speech in political terms  
and who unconsciously were governed  
in their judgments by the natural  
divisions of party and economic  
creed, liberal, radical or stand-pat.

On the whole, Mr. Coolidge re-  
vealed himself as the safe-and-sane type  
of President which the business man,  
be he from the North or South, likes.  
The convention contained mortal  
business executives than editorial  
writers. An altogether different reac-  
tion might or might not have been ob-

## Daugherty

(Continued From Page One)

keeping of the department of justice. I  
gladly gave up a post of honor rather  
than contribute to a treacherous cause.

Vouchsafing his friendship for Pres-  
ident Coolidge, Mr. Daugherty said that  
though the president and himself have  
had an unpleasant experience they  
"have had no quarrel."

The former attorney general protest-  
ed the insincerity of some of the mem-  
bers of the committee which is investi-  
gating his official acts, but asserted that  
he cared nothing about the matter.  
Having stood any ground in a vain ef-  
fort to develop honest facts before the  
eyes of the American people, no lasting  
harm can come from gossip, insinuation,  
misrepresentation, innuendo, slander, li-  
bel, falsehood or treason itself, when the  
public shall have had opportunity to  
see what has taken place.

Mr. Daugherty said that Frank A.  
Vanderlip whom he characterized as a  
man of "peculiar mentality," was pay-  
ing most of the expense of the Wheeler  
investigation committee. Vanderlip, he  
said, had admitted paying much of the  
committee's expense. He asserted that  
Mr. Vanderlip "now is trying to justify  
the insane attack upon the honor of a  
dead president and within the last few  
days has vent his spleen upon President  
Coolidge."

"During his address Mr. Daugherty  
gave a resume of the work that had  
been done at the department of justice  
under his direction, asserting that in  
every branch results obtained had far  
outstripped those obtained during any  
similar period since the organization of  
the department.

Concluding, the former cabinet mem-  
ber declared that "the signs of the times  
are ominous. We are in the midst of a  
situation, many of its aspects unre-  
precedented in the history of our country.  
I sound a warning to every American  
today. The enemy is at the gate. He  
aims at nothing short of the overthrow  
of the institutions which are your pro-  
tection and mine against tyranny,  
whether exercised in the name of mod-  
ern or in the name of mob. Do not  
underestimate the power of this un-  
patriotic leadership, with its combina-  
tions, and relationships at home and  
abroad. Its designs against historic  
Americanism are far-reaching.

In the attainment of its purpose,

these few men who stand out alone to  
stem the tide of treason to true Amer-  
icanism will be struck down unless the  
Americans of this country rise above all  
small considerations and address them-  
selves to the driving out of public life  
every man who is either a conspirator  
against American institutions or to  
weak and cowardly to do a brave man's  
part in this battle for the fundamentals  
of our national faith. I am concerned  
not of myself, but of our country."

the ruthless submarine campaign. His

attitude toward the Reichstag brought

him into conflict with that body which

responded to his attacks by holding up

his salary as Vice Chancellor and in

1917 he resigned that position.

Later he began a reactionary cam-  
paign, calling upon the younger ele-  
ment to rebel against the men who be-  
trayed the Fatherland. In the course  
of his campaign he singled out Dr.  
Matthias Erzberger, whom he blamed  
for the collapse of Germany and who  
promptly responded with a suit for libel  
in consequence of which Helfferich was  
fined 300 marks.

Dr. Helfferich was born at Neustadt,  
in the Palatinate on July 22, 1872.

Dr. Helfferich was one of the most

# When you get hungry for a new CANDY at home—try this!

SLICE up a few bars of Oh Henry! and serve it on a bon-bon dish!

Have it handy for Dad when he sits down to read, and wants a dish of good candy handy.

Have it to nibble at when you're playing Mah Jongg or bridge.

And then, at tea-time, a dish of sliced Oh Henry! will give you a novelty in candies that will please everyone. Oh Henry! is a fine candy in a convenient size.

# Oh Henry!

Oh Henry! is a new way to sell a fine candy. Instead of being boxed, expensively as its quality deserves, it's simply and inexpensively wrapped. But the difference is this: when you hunger for candy, as a rule you want just a taste, not a whole box.

But to get good candy you have to pay for a box. Oh Henry! changed that. Oh Henry! is a fine candy, made in the convenient size of a bar so that people like you, who want just a few mouthfuls of good candy, can get it without buying more than you want.

Oh Henry! comes as a surprise to most people taking it for the first time. People look at its form, and say "Oh! a bar!" and then they taste it, and instead of a bar, it's a fine candy, a new taste and a delicious one.

Imagine a rich butter cream, silky smooth in texture, dipped in a luscious, chewy caramel, and then rolled in crisp, crackling nutmeats, and all of it given a rich overcoating of fine Milk Chocolate. That's Oh Henry! Doesn't it sound good?

Oh Henry! is the biggest selling candy bar in America, more than ELEVEN MILLION bars being bought every month in the year.

## Radio News Does Not Hurt Papers; Operating Cost Up, Publishers Find

NEW YORK, April 24.—(By the A.P.)—No evidence that dissemination of news by radio would affect the publication or demand for newspapers was reported today by a committee on radio at the opening sessions of the annual convention of the American Newspaper Publishers' association.

"At the present the radio broadcasting stations of large newspapers engaged in this experiment," the committee reported, "are regarded as a necessary publicity feature producing an intangible, but undoubtedly valuable good will."

The report disclosed that although in October, 1922, there were 100 newspapers operating broadcasting stations, the number since had fallen to 45.

### Newspaper Plentiful

This was due said the committee, to the perfection of longer range receiving apparatus, the wider influence of radio at the broadening stations with better programs and the consequent elimination of smaller, local broadcasting units.

Paul Patterson, of the Baltimore Sun, President of the Association, said the newspaper situation was wholly favorable from the publisher's standpoint.

Members of the American Newspaper Publishers' Association entered into 200 contracts with employees as

compared with 231 in the previous 12 months. There was one reduction in typographical scale and none affecting other unions of the printing trades. Seventy-nine contracts were renewed without increases.

"The printing trades schools committee announced that the assessment plan adopted last year, had yielded \$23,000 to be used in promoting such schools; and that four such schools had been endorsed and advanced \$2,000 each."

### Faces Serious Situation

"There is no doubt that we are facing a situation which in five or six years may bring about so serious a shortage of journeymen that it will be difficult for many plants to operate," he continued, "and then only at a very excessive cost."

"The promotion and development of training trade schools will tend to make more journeymen and better journeymen, and to keep down the arbitrary and unjust demands of the trades unions for a wage within a few years, which would become prohibitive."

## PAY 35 Cents

For the shoe polish for your kid or calf shoes and buy CHAINLIGHTNING SHOE CREAM. You will save money by doing so.

The difference between the cost of one application of the best shoe polish and the cheapest shoe polish is so small compared to what that application will do to the shoe that you cannot afford to buy cheap polish.

For Cleaning Your White Kid, Cabretta or Calf Shoes or for white kid gloves, you will not find anything so easy, quick and good as WHITE CHAINLIGHTNING.

For Cleaning and Polishing Brown or Black Kid or Calf Shoes

you will not find anything so quick or that will keep the shoes clean so long as BROWN or BLACK CHAINLIGHTNING. It is a polish that is not a dust collector. It is so smooth that the dust and dirt slip off it more easily than from other polishes.

For Cleaning Two Colored Shoes you will find NATURAL CHAINLIGHTNING the best. It is cream color without any coloring matter in it and is an excellent cleaner for the light colors of sport shoes. It is also an excellent patent leather cleaner especially adapted for patent leather shoes that have suede trimmings. You do not have to shine your shoes so many times if you use CHAINLIGHTNING, and your delicate colored shoes are very much less apt to become spotted when it is used. Try it once and you will always use it. Ask your dealer for it, and if he does not have it, write direct to

## Quakes Shake Hawaii

HILO, T. H., April 24.—(By the A.P.)—Earthquakes of severity and length are continuing in the Puna district. The tracks of the Hawaii Consolidated Railway at Kapoho were tossed about like waves, and the service had to be suspended.

There are continued quakes at Kapoho where the residents spent four days of terror, the windows and doors rattling continually. The ground is warm in hollow places. The quakes are circular in motion and have opened up great cracks across the roads. Some of these cracks are 10 feet deep, extending toward the sea. One fissure extends for a quarter of a mile into the jungle.

Although the Japanese and Filipinos are leaving the district, Hawaiians and white residents have up to the present, evidenced no disposition to quit their homes.

### 17,000 Organ Pipes

Will Breathe Harmony

At G. O. P. Convention

CLEVELAND, O., April 25.—A striking example of harmony will be given here in June when 17,000 unseen organ pipes give voice to two groups 367 feet apart. A console, separate from both will control them. Directed by the same console, a grand piano in yet another part of the hall may send differing but concordant strains to join the tones which seek each other from opposite extremes of the arena.

The organ pipes range in length from one inch to 30 feet. Those of the main organ, numbering 11,500, are in the wings back-stage. Those of the echo organ, 5,500, are in a hidden loft above the rear of the hall.

The console, resting on an elevator, may be played at the level of the arena floor, in the orchestra pit, or in the basement. Millions in the console receive electrical energy of 55 horse-power, driving three fan-bladed pumps in the basement which send air to the organ pipes through hoses which three feet in diameter. The two larger pumps have a diameter of four feet. Air-power operates the pedals of the piano, and a mechanical finger strikes its keys. The console has a complete foot-key-board.

## Wheeler Claims

Daugherty Does Not Tell Truth

WASHINGTON, April 24.—Replying to recent criticism by former Attorney General Daugherty of the senate investigation, Senator Wheeler, Democrat, Montana, prosecutor of the Daugherty committee, declared in a statement tonight that "the evidence thus far adduced before the committee is but a drop in the bucket."

"The achievements of the department of justice of which Mr. Daugherty boasts," he added, "cannot be fully revealed until the Ohio gang known at Columbus as 'his boys' and numbering almost a dozen high officials in the department, is exposed."

"Daugherty claims he has had no opportunity of cross examining witnesses. This is false. His counsel have been allowed to examine every witness who furnished direct testimony. In the case of Miss Roxie Stinson they complained for days in the press of not being allowed to cross examine, but when given an opportunity, their questions were trivial and they were glad to stop in five minutes."

Two "logical" heavyweight contenders will be picked as opponents, it was announced at the meeting.

The bouts will headline a program of American Olympic team tryouts in which between 400 and 500 athletes are expected to compete.

### OH, SUCH A PAIN!

It takes you right across the back! Sometimes in the arm, hip, or foot. Probably due to over abundance of that poison, called uric acid. Happens when the kidneys weaken and are unable to filter all the uric acid from the blood.

There's more of this trouble in winter, following a cold, or an attack of grip, which, like any other infectious germ disease, fills the blood with an extra load of poisons that overwork and break down the kidneys.

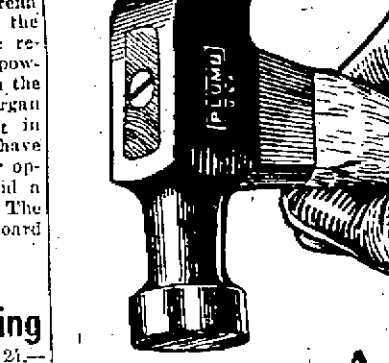

You may know the kidneys are weak when you have constant backache, sick headache, dizzy spells, the twinges and pains of lumbago, rheumatism, or neuritis, or when sleep is disturbed two or three times a night.

At the famous Invalids' Hotel, Buffalo, N. Y. (Dr. Pierce, Pres.) hundreds of such cases are treated every year, and the result has been this discovery—

Avoid too much meat, alcohol and tea. Drink plenty of water, preferably hot, before meals, followed by one An-Uric (anti-uric-acid) Tablet, obtained in 66c bottles at any drug store. This treatment dissolves and flushes out the uric acid and helps to bring kidney action back to normal.

If you want a trial package of An-Uric tablets, send 10c to Wm. Pierce, Invalids' Hotel, Buffalo, N. Y.

### Well Wishers Storm

Depew's Office On His 90th Birthday

NEW YORK, April 24.—Chauncey M. Depew's office was so crowded by well wishers who wanted personally to congratulate him yesterday, his 90th birthday, and he had to glide out side door and take refuge in his West 54th street home.

It was thus that he explained the cause for having knocked off work as chairman of the board of directors of the New York Central Railroad before his wanted hour. It was not a concession to the day, he explained, but merely a self defensive move, that he quit the job shortly after noon.

But seclusion in his home didn't bring complete peace, for the mounting stream of gifts and congratulatory messages was diverted from his office to the residence, and a number of servants were kept busy receiving them throughout the afternoon. Last night the genial former senator had a dozen old friends in to dinner.

### WATCHMAKERS PROTEST

CINCINNATI, O., April 24.—A protest submitted to Secretary of Labor J. J. Pains in back, nervousness, stomach trouble, also worried this Jefferson Ave. man.

### Now Well, He Declares Thanking "Dreco."

Dreco Expert Now at Stewart's Cut Rate Drug Store. See him. Free Samples Given.

Still another Toledo man has been added to the long list of those praising Dreco, the remarkable tonic made from the pure adulterated juices of 12 natural leaves, roots, barks and herbs, now being introduced by Stewart's Cut Rate Drug Store.

Mr. Peter Malbover, 1414 Jefferson Ave., Toledo, Ohio, a machine operator well known among the other employees of the Willys Overland Auto Co. dealers.

"One bottle proved that Dreco was just the medicine for me. This grand tonic quickly got to the root of my troubles and fixed me up fine."

"The sharp, shooting pains that used to run up my back have disappeared, my kidneys and stomach are in better shape than they've been for years and I feel 10 years younger. I used to have such dizzy spells I couldn't stoop over for fear of falling and would have to sit down but now, thanks to Dreco, I'm a well man."

"I'm telling everybody I know about Dreco for I know that it will relieve

anyone suffering as I did." Doctors say that from 75 to 90 per cent of all sickness is caused by the failure of the stomach, liver, kidneys and bowels to function properly. Dreco assists these organs and by putting them in good condition is quick to relieve headaches, constipation, pains in back and limbs, rheumatism, indigestion, biliousness, nervousness, thinness and the many other ills which are caused by weakened stomach, liver, kidneys or bowels. Dreco promotes sound refreshing sleep and makes one strong and healthy.

### Dr. Tremper At Meeting

Dr. W. D. Tremper of the Royal Savings & Loan Company, was in Columbus to attend a meeting of the Executive Committee of the Ohio Building Association League.

Dr. Tremper and twenty-three other building and loan officials in Ohio constitute the governing body of the state organization of building and loan men which has jurisdiction over 500 building and loan associations, with assets of more than \$650,000,000. He reports that business conditions in most sections of the state are very good. Building, however, has been slowed up somewhat by the inability of building and loan associations to get enough money with which to meet the demands for home loans.

Dr. Tremper reported that the next convention of the Ohio Building Association League would probably be held in Columbus some time in October.

### You Will Get Levy Ballot At Primary Next Tuesday; How To Vote

When the voters go to the polls on next Tuesday, they will be handed one more ballot than is usually given out at a primary election. This is caused by the request of the board of education that the voters place a part of the sinking fund levy outside of the fifteen mill limitation of taxes. The board is unable to sell bonds because attorneys have ruled that the levy for bond, interest and sinking fund purposes is not sufficient to comply with the law. This levy cannot be increased and leave money enough to operate the

schools properly. It was suggested, therefore, that an election be held under the Gardner law and if a majority of the voters on next Tuesday vote in favor of exempting the bond, interest and sinking fund levies on all bonds issued prior to January 20, 1920, the board of education can deliver the bonds which have been issued as required by law. The schools will then continue to operate for the remainder of the year and be in a position to begin the next year at the usual time.

### SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allenchu, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allenchu with the understanding that if the first pink bottle does not show the way to complete recovery he will gladly return your money without comment. F. B. & Streich Pharmacy.—Advertisement.

"For exempting interest and sinking fund levies on account of outstanding bonds from all tax limitations 'No.' Those voting in favor of exemption will place a mark to the left of the first or yes statement and those opposing to the left of the second or no statement."

All voters should vote on this proposition as it means much to our school system. If we are to progress as a city we must have adequate schools to educate our boys and girls. The schools should have the support of all voters interested in the welfare of Portsmouth. Adequate funds are necessary for the proper maintenance of our schools and we should be willing to support the board of education in its endeavors. The board has always been modest in its requests and now only asks for power to exempt this levy because it is compelled to do so to keep our schools operating and progressing to take care of the growth and expansion of Portsmouth. We believe that the voters are alive to its needs and will support any move to the betterment of our city. Therefore, there should be a large vote in favor of exempting the school sinking fund levy.

### New Treatment For Varicose Veins and Ulcers

Swollen veins are dangerous and often burst. Sufferers are advised to get a two-ounce, original bottle of Emerald Oil (full strength), at Fisher & Streich's Pharmacy and start to reduce the veins and lumps at once. Physicians recommend Emerald Oil; it is used in hospital practice and a small bottle will last a long time, because it is very concentrated and a little goes a long way. Apply night and morning with a soft brush as directed until the swelling is reduced to normal.

So marvelously powerful is Emerald Oil that swollen glands and even goitres disappear when used steadily.—Advertisement.

## Your Next Car

### Will be this Light-Six, if you learn the truth

WHEN you buy a car in the "thousand-dollar" class, here are some things you should know.

We made a canvass of men who bought rival cars in this class. And we found that 96 in each 100 bought without knowing these facts.

So, for your sake and our sake, we want to present them to you.

Save \$200 to \$400

Studebaker builds 150,000 fine cars yearly. It builds in model factories, modernly equipped. It has spent \$38,000,000 in the past five years on new-day plants and equipment.

By quantity and up-to-dateness it saves large sums per car. A car like this Light-Six, built under ordinary conditions, would cost \$200 to \$400 more.

11.4% less to run

This supreme quality means lower operating cost. Owners of fleets of cars in this class made audited records to prove this.

They compared 329 cars, running up to 25,000 miles each. And they found that the Studebaker Light-Six cost 11.4% less to operate than the average of its rivals. This includes depreciation. The saving was nearly one cent per mile.

The reasons are these

The Studebaker Light-Six, in its chassis, represents the best we know. In steel and in workmanship it is identical with the costliest cars we build.

Made by the leaders

This is one of the cars which has made Studebaker the leader in quality cars. Our sales have almost trebled in three years. The trend toward Studebakers has become a sensation.

Last year 145,167 people paid \$201,000,000 for Studebaker cars.

Back of this car is an honored name, which for 72 years has stood for high ideals.

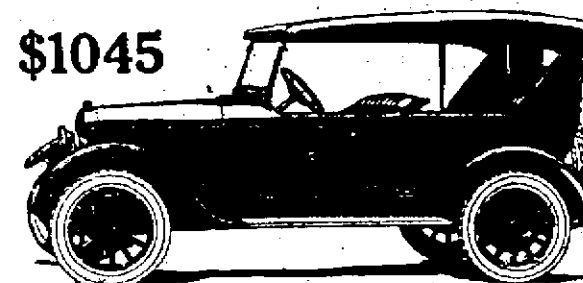

Behind it are \$90,000,000 of assets, staked on pleasing you better than others.

Before you pay \$1,000 or more for a car, these are facts you should know and compare. You owe that to yourself.

**Tells How and When to Use Trustworthy Products and Reproduces Extracts of Patrons' Letters Relating to Cadomene, Balmwort, Sulpher, Arbolone, Suthol, Mentho-Laxene, Minyol, Hypo-Nuciane, Vilane, Etc.**

**Q.** I am 32 years old and feel very nervous. I have a great deal of trouble with my head, neck, back, and shoulders. I have no ambition and am always depressed. Am pale and thin.

**A.** I suggest that Cadomene be taken to aid improvement of the quality and quantity of the blood and thus restore the normal functioning of the body organs and nervous system.

**Q.** I am seventeen and under weight for my age and height. Am troubled with constipation and piles on my face and body. Would like to know what to take.

**A.** To quickly rid the bowels and rid the blood of the toxins causing pimples and boils, take Sulphur tablets. A laxative blood medicine. To increase weight try Hypo-Nuciane tablets as a nutritional tonic. They may be taken at same time.

**Q.** I have used the "Triplette" tablets to correct digestive troubles. I am now asking for something to help a rheumatic condition that seems to be getting chronic. My right leg, hip, shoulder and right arm is the location of trouble.

**A.** I recommend Cardiol tablets as an aid to better circulation and to remove the acid condition responsible as the cause. For relief of the severe pain, take Suthol tablets, as needed, in conjunction.

**Q.** I have bladder and kidney trouble with a burning, stinging sensation after voiding. I have to get up from four to five times at night, and often have dull aches and stiffness of muscles and joints. Can this condition be helped?

**A.** This condition is sometimes due to constipation in which case take Sulpher tablets, as a bowel and kidney regulator. If due to functional laxity of the kidneys, take Balmwort tablets as a diuretic-ionic and neutralizing agent, to tone up the kidneys and overcome the bladder irritation.

**Q.** Answer to Mrs. E. M. H.: Where high blood pressure exists the personal attention of a physician is necessary.

**Q.** Answer to Mrs. J. R.: The pains of arthritis may sometimes be relieved by lightly anointing with triple strength Mentho-Laxene Salve. Suthol tablets will relieve in some cases of rheumatic character.

**Q.** W. asks: "In the past year I have gotten too fat and also suffer with embarrassment because I have to have all my clothing made to order, as nothing will fit me. Can I reduce?"

**A.** I suggest that you obtain Arbolone tablets, which are generally very effective in reducing superfluous fat.

**Q.** Mrs. E. H. asks: "It seems like I can't eat anything. It lays on my stomach and ferments, forms gas and presses on my heart. I wish you would tell me what to do."

**A.** If constipated take Cases Royal Pills as a pleasant laxative. Also

### Interesting Experiences Told At Fisher & Streich's

"All day Saturday crowds of people flocked to Fisher & Streich's Pharmacy, cor. Sixth & Chillicothe Sts., to tell of their experiences with Peppen, the famous medicine for stomach, liver and kidney ailments.

"This new medicine is taking Portsmouth by storm," said Mr. Phil M. Streich, head of the drug store at which Peppen is being introduced. It is actually the sensation of my experience in the drug business.

"The proof of the value of Peppen is the statements being made by well known local citizens who have through its use, been relieved of long standing ills."

"I can't say enough for Peppen," said Mr. F. L. Steed, of 232 6th St., while talking with the Peppen specialist on Saturday. It has done wonders for me.

"All winter I was in a terrible run-down condition. I feel that I don't care tired worn out feeling. I would

have a dull heavy headache. My tongue would be white and coated and I would have a bad taste in my mouth.

"Sometimes I could not eat a bite of breakfast.

"I heard so much about this Peppen that I decided to give it a trial. The very first bottle helped me. As I continued to take Peppen I continued to notice an improvement. Now my appetite is fine. I sleep soundly every night.

"When it comes time to get up I am ready to get out and do a day's work. Peppen has made life worth living again and I am glad to recommend it."

CAUTION: The genuine Peppen is packed in a white and blue cartop and may be obtained in Portsmouth only at Fisher & Streich's Pharmacy. Dispensaries in nearby towns are: Kelso Drug Store, New Boston.—Advertisement.

### McAdoo—The Progressive Candidate

McAdoo is a progressive, independent Democrat. He has always championed the cause of the people and his support now comes from the free thinking, forward-looking voters because he is the most outstanding, progressive candidate before the American people. The place he occupies, not by accident of birth or manipulation of political bosses, but because of the best constructive things he has done, both as a man and public official; his is a life of achievement. He knows politics, but he is not a mere politician, because he knows how to use government to serve the best interests of our whole people. He knows how to use government to prevent the exploitation and oppression of our people and the looting of the public treasury.

Mr. McAdoo believes in the efficient administration of law and honest law enforcement. He believes that the enforcement of the eighteenth amendment should be put under civil service instead of making it the spoil of corrupt politics. He believes in ridding Washington of corruption and graft and the punishment of all found guilty of wrong doing. In removing from office all incompetent political appointees and the administration of government for the benefit of the people and not for the selfish advantage of the professional politicians.

McAdoo, as the only progressive candidate before the American people, will go into the New York convention with a majority of votes on the first ballot. He will be opposed by a number of "One State, Favorite Son" candidates who will barter and trade for personal gain and selfish advantages, trying to defeat the will of the majority.

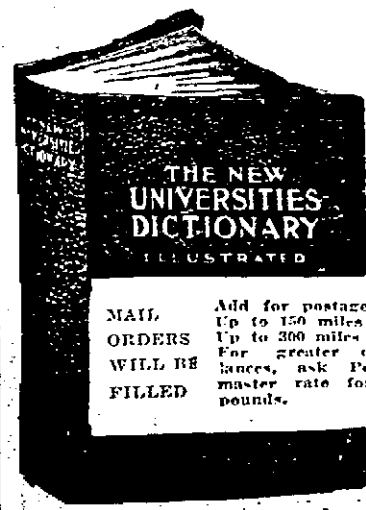

Since New York, Chicago and Milwaukee have picked Al Smith for their candidate for President and the metropolitan dailies agree that he is the man that McAdoo must beat in the New York Convention, the duty of all progressive voters of Ohio becomes plain — vote only for the delegates who will support the kind of presidential candidate you want to see nominated, not the hand-picked, machine-bossed kind.

There will be two factions in the Convention. The progressive thought for which McAdoo stands will be the strongest, and will have in their ranks the real leaders of the party — Bryan, Glass, McCormick, Cummings, Davis and the senators who stood by Wilson. In the other camp will be Al Smith, Murphy, Brennan, Guffey, Taggart and Ed Moore, if elected. Every McAdoo delegate helps to strengthen the progressive majority in the Convention and gives promise of securing the nomination of a Progressive Candidate who will appeal to the best citizenship of our country. — Political Advertisement.

### BIRTHS

Tonella is the name given to a daughter born recently to Mr. and Mrs. Lenora Adkins, of Fullerton. Mr. Adkins is employed at the Hibbs Hardware store.

Mr. and Mrs. George Jarrell, of 2110 Ninth street, are the parents of a son born in Hempstead Hospital Tuesday. Both were removed home later in the day.

Miss Bronell's dancing, both in her eccentric and toe dancing is the outstanding feature of the performance. William P. Murphy, as Charlie Lee, showed the skill of a veteran actor. Robert Wynne Jones was a handsome and satisfactory hero, and Bessie Delmore got plenty of laughs for her work as the comedienne. The theme song "My China Doll" is the outstanding song hit of the musical score.

Novel settings characterized the production. The Land of Flowers was particularly effective with the Rose sitting in a giant swing while the Violet, Lily, Poppy and other blossoms swung her to and fro with garlands of flowers. Starting in black and white was the Land of Music, with notes and bars and signatures sprinkled generously over everything.

MR. EDWARD HUBER,  
Steubenville, O.

It is often asked if it is not difficult to secure voluntary testimonials for any remedy, no matter how much it is doing. As a matter of fact very many testimonials are received in each city where Ka-di-ok, the new herbal stomach remedy is being introduced, and those are selected which are written with a genuine desire to benefit other fellow sufferers.

This was what prompted Mr. Edward Huber, who lives at 715 Buckeye street, Steubenville, Ohio, glass worker at Gill Brothers Glass Works, having been in their employ for over thirty years, to make the following statement. He said:

"I had been a sick man for the past two years—just able to drag around and keep at work. My stomach was in bad shape and my food soured and caused me to suffer from indigestion. I had frequent spells of dizziness and would have to catch hold of something to prevent myself from falling; my liver and kidneys were in bad condition and I was sleepless and nervous. I had no appetite and felt weak and miserable. I tried many remedies, but they did not help me until I began to use Ka-di-ok. It helped me from the first day I used it. I now have taken two bottles and can truthfully say that my stomach does not bother me at all. I have been eating anything I want without any bad effects afterwards and have had no dizzy spells. My kidney trouble has almost disappeared, and I am a better man today than I have been for the past two years. I unhesitatingly endorse Ka-di-ok and gladly recommend it."

Ka-di-ok can be obtained in Portsmouth at Fisher & Streich Drug Store.

## Don't Go When the Signal Is "Stop"

CHILDREN cannot continue spending great energy in their play if that energy is not being replaced by energizing foods. And when parents stop to consider this fact they must become thoughtful about choosing foods which contain energizing food elements. One such element, *Dextrose*, is essential. It stores up energy and rugged health in all the body's blood and tissue cells. It is also interesting to know

that Karo, America's most popular and most delicious syrup, contains a large percentage of body-building *Dextrose*. And this, of course, explains why children thrive on Karo. Blue Label and Red Label Karo, by the way, are equally nutritious.

**FREE**—A booklet about *Dextrose* every mother should read. Explains why children thrive on *Dextrose*. Sent free with beautifully illustrated 64 page Cook Book.

#### UNIFORM MARRIAGE AND DIVORCE LAWS URGED

BUFFALO, N. Y., April 24.—(By the Associated Press)—Uniform marriage and divorce laws, political clean-ups by women, more efficient school teachers, co-operative housing and protection of young Americans abroad were urged by various speakers today at conferences connected with the annual national convention of the National League of Women Voters.

An amendment to the federal constitution in order to codify marriage and divorce laws introduced by Miss Marion Griffin, of Memphis, Tenn., before the uniform laws committee. She cited 49 varieties of marriage and divorce laws in the 48 states and the District of Columbia and said they were undermining the home and family and lending toward final breaking up of the states. In 1910, she said, one marriage in ten was broken by divorce; in 1923, one in six.

Reasons for divorce differ from New Hampshire with 14 causes for divorce and Oregon and Washington with divorce for any cause the court deems sufficient to New York with only one cause, and South Carolina with none.

#### France Enters Air Race

PARIS, FRANCE, April 24.—(By the United Press)—France today entered the race for long distance flight supremacy. A military airplane took off secretly from Villa Coublay and headed for Japan. The fliers hoped to establish a record for sustained flight. The first jump was to be a non-stop flight to Constantinople, 1,550 kilometers away. The air ministry did not announce the departure officially because it is planned, unless the plane succeeds in reaching Constantinople in one jump, to call it a false start. The most careful preparations have been made to show France's predominance in the air.

## OBITUARY

## John Wilson

A highly respected citizen of the West End passed away Wednesday morning at his home, 414 Third street, about 4:30 o'clock, after a two weeks' serious illness of complications.

He came to Portsmouth seventeen years ago from near Lucasville and had been a resident of the West End ever since. He was employed by the Peoples Heating Brick Company for fifteen years.

John Wilson was a son of Joseph and Lydia Wilson of Cooperaville, Pike county, and was born June 5, 1873, being 50 years, 10 months and 13 days old when the final call came. He was united in marriage the first time to Miss Hattie Shelburn of Pike county. To this union one son, Frank, was born March 19, 1902. His second marriage was to Mrs. Margaret Brown of near Lucasville. The union and one son, Frank, of near and Gay streets, a grandson, Donald Lee Wilson, two brothers, Thomas and Sherman Wilson, and a sister, Mrs. Ella Walters, of Scioto county. There are also living three step-sons, Walter Browning of Warren, William Browning of this city and two step-daughters, Mrs. O. H. Lewis of this city and Mrs. Jasper Barber, Friendship.

Mr. Wilson was a devoted husband and father, and was greatly missed. He had won many friends who will be sorry to learn of his passing.

Many years ago he united with the church and had always lived the life of a Christian. Soon after com-

ing to Portsmouth he united with the First Presbyterian church and was a regular attendant of the Men's Bible Class there. He was also a member of the New-Boston Council, J. O. U. A. M.

Funeral services will be held at two o'clock Friday from the home, with Rev. Gerald Culbertson of the First Christian church in charge. Burial will be in Greenlawn.

## To Instruct Women in Use of Ballot

One of Portsmouth's prominent non-partisan business men will instruct the members of the Business and Professional Women's Club at their meeting at the May Louise Friday evening in the rudiments of ballot marking. This club of business and professional women is seeking to set a high standard of citizenship among the women of Portsmouth—by being themselves voters 100 per cent strong. No greater service could be rendered their country at this time than that all of Portsmouth's women should follow the example set by her business and professional women and cast their ballots at the polls on next Tuesday.

A representative from the Board of Education will be present at the meeting to explain the school situation and to urge the support of every loyal citizen.

These discussions at the beginning of the evening's program are to be followed by a series of rapid-fire events—too exciting to be confined to paper—to interesting to be missed. An enthusiast straight from the links of West Baden Springs has arrived to share her enthusiasm and to fire her hearers—(and observers)—with the high resolve for a "great time" and to send them off to purchase at once a ticket straight for West Baden Springs—and the big National Federation Convention. This meeting is to be a top-notch in the life of the Business and Professional Women's Club of Portsmouth, and it starts promptly at 5:30 Friday evening, April 25th.

## HIT BY AUTO

Joseph Smith, contracting carpenter of 844 Third street was seriously injured about 12:45 o'clock Thursday afternoon when struck by an automobile at Eighth and Adams streets. He was riding a bicycle when struck by a machine driven by Dr. Elizabeth M. Overhouse of New Boston. Mr. Smith suffered two bad cuts on his leg, a badly bruised right leg and right arm. One wheel of the machine is thought to have passed over his leg.

## Mrs. Emma Rice

Another member of one of the pioneer families of this county answered the Great Roll Call on Monday morning, April 21, when Emma E., daughter of James Okey and Phoebe Jeffords Johnson, passed away at home, Jackson street. She was born near Lucasville, O., July 18, 1849, being nearly 75 years of age. Fifty-five years ago on December 31, 1868, she was united in marriage with Jack Rice. No children were born to them, but they reared to manhood two motherless boys, Chas. Baker of Dayton, and Ben Thompson of Akron upon whom Mrs. Rice bestowed her maternal love and affection. Mrs. Rice's entire life had been spent in Scioto county. For a number of years she resided in the Ridgetown vicinity and later when her strength began to weaken she moved into Portsmouth where they had since lived. A number of years ago she lived with the Methodist church at Ridgetown during the pastorate of the late Rev. Middleton.

Mrs. Rice is survived by her aged husband, Jack Rice, one sister, Mrs. Caroline Apple of Piketon, one niece of this city, Mrs. Carrie Laugman, and a number of nieces and nephews who live elsewhere.

Truly, Mrs. Rice lived a good, full life.

Postmaster J. W. O'Brien of Henley is not letting the fire of last week which destroyed his general store building and home interfere with the post office business which is being taken care of in the home of his son Will O'Brien who lives just back of the structure destroyed by fire. Every record of the post office was lost in the fire. Both incoming and outgoing mail is being handled.

## The Morning Sun Brings The News Of The World To Your Breakfast Table

The full night report of the Associated Press is received by the Morning Sun over its own leased wire, giving an accurate and interesting resume of world events which must be read by everyone who wishes to keep up with world progress. The Sun prints the complete report, together with a synopsis of what has been carried in the day report, giving its readers a day by day history of the things of importance that are going on everywhere.

## A Complete Sport Page

The Sun is one of the few Ohio papers carrying the box scores of the two major leagues. To make this possible a second leased wire has been installed for the baseball season, and over this the results of the ball games are received each night. No other paper coming into this territory gives more complete account of the baseball history as it is being made. All other sports and local sports of all kinds are fully covered.

## Why Women Like The Sun

The Sun is growing in popularity with the women of the community, and there is every reason why it should. The local social field is covered completely as a groundwork for the pages devoted to women. In addition here are some of the special features of interest to women:

Each day the Sun publishes a recipe by some good cook of the community.

Household hints, full of useful and timely suggestions appear in each issue.

A good serial of interest to women is always found in the Sun.

Wanda Barton writes frequently on "Housekeeping Helps."

Special N. E. A. features — none better — of direct interest to women are always in the Sun.

Sister Mary is conducting a special series of "Kitchen Articles." Don't miss them.

The Sun is a clean newspaper and stands for the best interest of the community.

## Dr. Royal S. Copeland Writes For The Sun

His "Health Talks" alone are worth the price of the paper weekly. Filed away these talks will be found invaluable in every family, a real "guide to health."

## Cartoons For Everybody

More than a page of cartoons appear every morning in the Sun, and they are so diversified that some will appeal to each reader. "Our Boarding House," and Webster's inimitable creations are among the headliners.

## For The Little Ones

Tinted Travels have proven a big hit for the children. It amuses and instructs them at the same time.

"Freckles," is a cartoon for which all the children look. The Goodnight Stories have proved a delight to the entire Sun family. Read them to your children.

## For The Farming Community

The Sun market reports are complete. The local market report will make money for those who watch it. A special column of interest to farmers edited by experts appears in each issue of the Sun.

## The Local Field Covered Fully

The news of the Portsmouth community is covered by a well organized and capable Sun force. It is getting better all the time.

The Sun is delivered to you in time for your breakfast table for only ten cents a week. Phone 543.

### Burn Mortgage At First Baptist Tonight

Members of the First Baptist church are expected to gather in big numbers at the church tonight when the mortgage on the church property will be burned. They have worked hard to raise the funds necessary to pay off the church debt and will assemble to celebrate the paying off of the mortgage. The first service of a two nights' celebration was held last night with Rev. E. L. Averitt of Louisville a former pastor of the church in charge. Tonight Rev. B. E. Candill of Huntington, formerly pastor of the local church, will be in charge. Mrs. Joseph Culvert, baptized in the church January 118, 1863 will touch the match to the mortgage after it is carried in by Isaac Meade who was baptized February 9, 1868. Mrs. Lizzie M. Whitney, baptized January 20, 1860 is also expected to take part in the service. These church members are the oldest in membership in the First Baptist church.

### Blair And Dando Mix It Up

Nig Blair and Shifty Dando had a little set-toe all their own this morning in front of the Armory on Third street. No admission was charged and while the bout lasted it bristled with action. Dando refused to fight because he says he was out on bond for having taken part in a scrap Tuesday night on Washington street. Those who saw the Dando-Blair street tilt, say it was a humdinger, Dando being knocked down several times.

## MR. VOTER

How many times have you heard the expression, "We need a Roosevelt to make the crooked things straight in Washington"? Itham Johnson was the choice of Roosevelt for Vice-President in 1912. He has the honor and firmness of his great friend, Colonel Roosevelt. He can be elected.

Popular at home; never beaten; always ahead of his ticket.

To vote for him at the Primary election next Tuesday vote for Phil M. Streich and Lee J. Smith for National Delegates, and for J. Wells Elliott and Mrs. Inez Frowine for Alternates to the Republican National Convention in Cleveland.

## "My Lady, the Elephant Awaits"

The wild-and-wooly west doesn't have all the rough riders, as Miss Lintoff Taylor demonstrates when she saddles her elephant and rides away. An ordinary horse saddle is used. The picture was taken in Rhodesia.

# YES!

The Morning Sun is growing.

Comparison of circulation figures for Friday morning of this week, and of Friday morning a year ago show that the Sun now has a bona fide, paid circulation of 1183 more than a year ago. Truly a remarkable gain for any newspaper in a city of the size of Portsmouth.

This gain was divided as follows:

- In the city limits of Portsmouth, 474.
- Single wraps in county, 292.
- Agents outside Portsmouth, 417.

Our circulation books are open to all interested.

The Portsmouth Morning Sun has gained a place in the community, and is wielding a rapidly growing influence. It is a complete newspaper, and everyone connected with it is giving his best endeavor to improve each issue.

**PREPARED**—Two alternative fliers will be on hand to take the place of any of the pilots who may become incapacitated. One is Lieut. Leslie P. Arnold of New Haven, Conn.

**THE CHIEF**—Maj. Frederick L. Martin, of Indiana, in command of the greatest air venture ever undertaken—the cruise around the world being sponsored by the air service of the United States army.

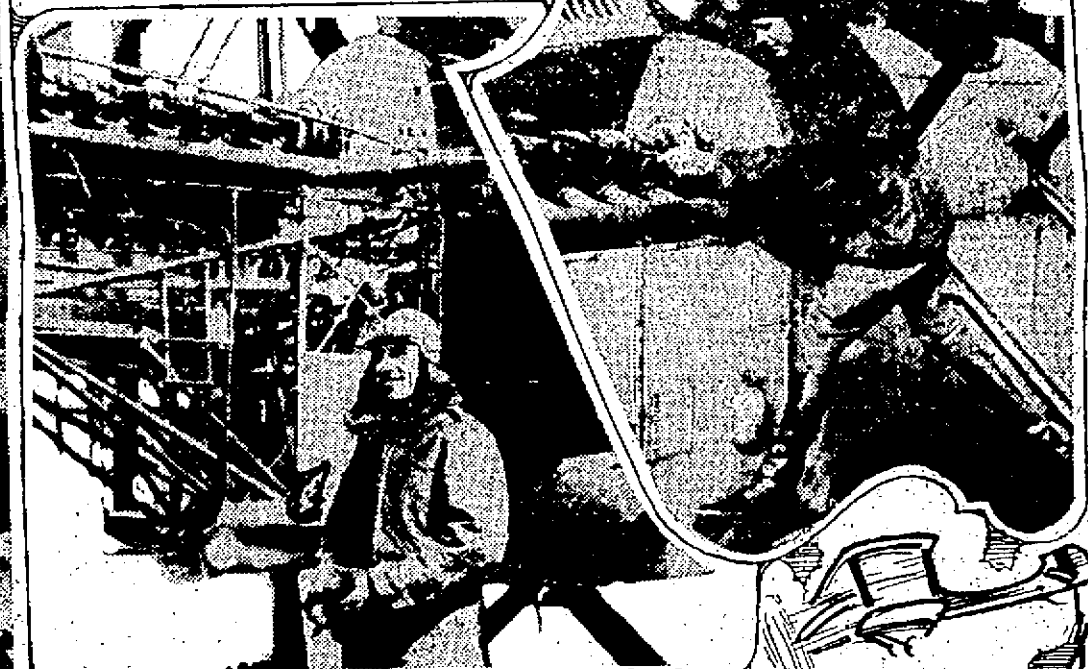

**PIONEERS**—Lieut. Sir Keith M. Smith (left) and Capt. Sir Ross Smith, the British fliers whose round-the-world air cruise was ended by the death of Ross Smith.

## The GREATEST AIR ADVENTURE

**THE GREATEST OF BIRDS**—One of the Douglas World Cruisers in which the fliers will venture to conquer the world by air. The planes are all of this type.

**THE MOST IMPORTANT OF ALL**—The massive engines with which the planes are equipped. Maj. F. L. Martin, commander (left), and Lieut. Erik Nelson (right), engineer expert of the cruise, are shown giving them a final inspection.

**A VETERAN**—Even if he is young. Lieut. Leigh Wade, one of the regular pilots, received his training in the Royal Air Force, in which he served in the earlier part of the war. He is from Michigan.

**JUST ANOTHER ADVENTURE**—To Lieut. Lowell Smith. He was the first airman to succeed in a non-stop flight from the Gulf of Mexico to Canada.

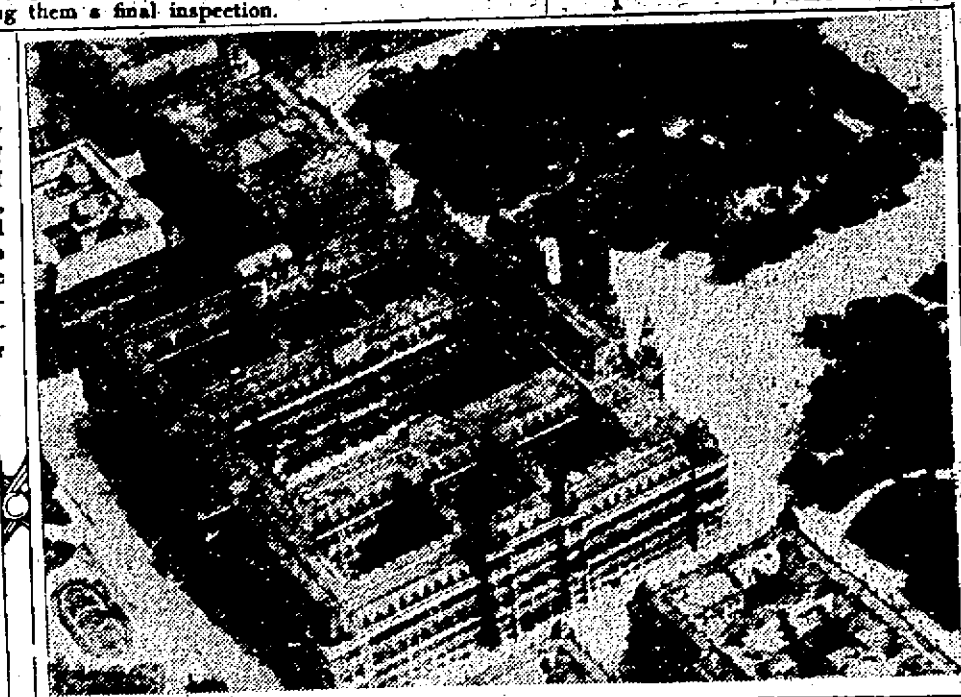

**A MODERN VIKING**—Lieut. Erik Nelson, engineer officer of the expedition, is a blonde son of Scandinavia.

**IN THE SECOND LINE**—Lieut. L. D. Schulze is the other of the alternate pilots who will be in readiness to step into the breach in any emergency.

**WHERE EAST IS EAST**—The alluring city of Hong Kong, one of the stops on the cruise of the fliers. Hong Kong, although a truly Oriental city, is under British rule, being one of the principal possessions of the English in the far east.

**LONDON**—One of the views the fliers will get of the keystone of the British empire as they near the end of the voyage, showing the historic houses of parliament.

**FAREWELL**—President Coolidge wishing Godsend to the venturesome birdmen. In the group are the pilots and their mechanics and Maj. Gen. Mason Patrick (wearing overcoat), chief of the army air service. Maj. F. L. Martin (to right of Coolidge) promised the president to bring to America the honor of sponsoring the first trip around the world by air.

**THE MARCH OF PROGRESS**—Just 20 years after the Wright brothers ventured into the skies in this motorless biplane, American birdmen are attempting to circumnavigate the globe by air.

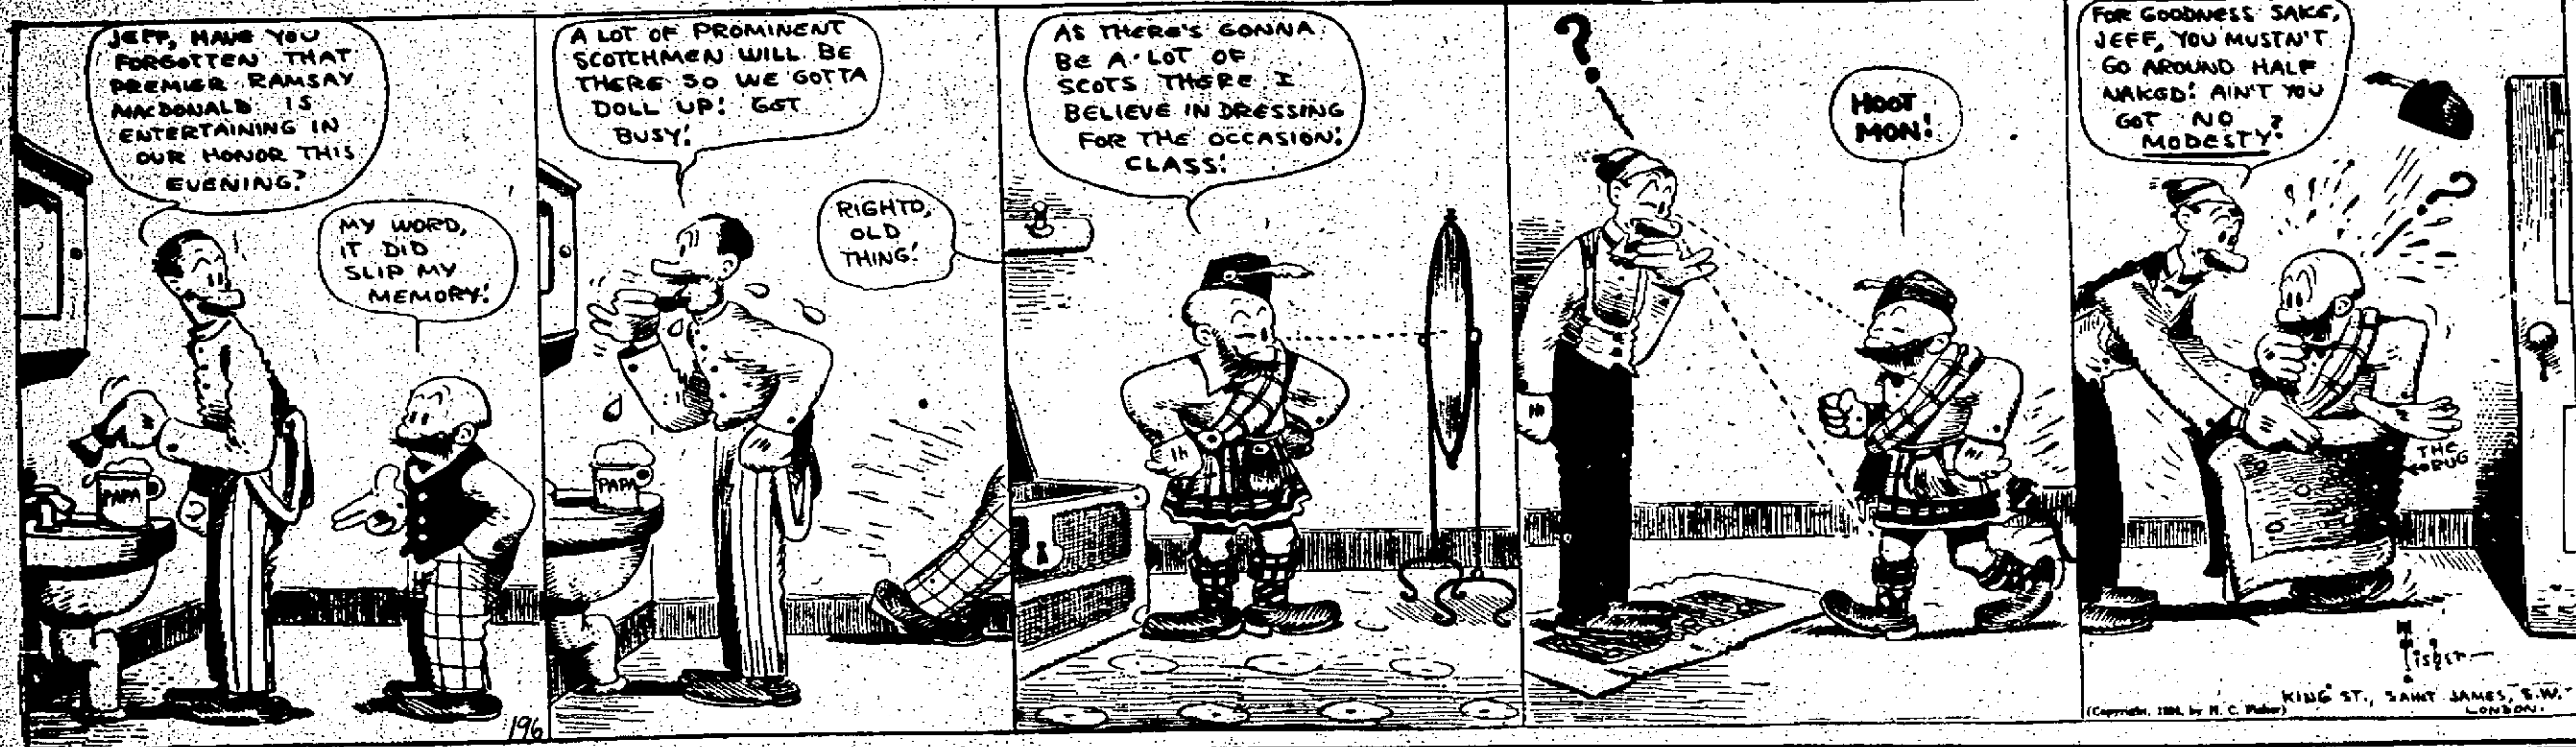

**LAND'S END**—A strip of the Alaskan coast which will be the last view of the North American continent the fliers will have until they have encircled the globe.

### AS OTHERS SEE US

WE have had much as a nation and a people to say of what we thought of Russia. It may shock our self-complacency to hear the converse of this, what the Soviet thinks of us.

Its estimate, measured by the words of one of its chief founders and maintainers, can scarcely be regarded as complimentary. Here is Trotsky declaring, for instance, that America has become a huge tower of Babel, and is trying to digest in its stomach all the huge gains it amassed in the war. It is placing aviation and asphyxiation foremost in its equipment and developing these agencies for the struggle it means to precipitate against Japan and all the world besides.

No, this picture isn't flattering to our self-conceit, though its colossal sweep does administer to our vaunted power and prowess. But at that it issues ill from the mouth of a Trotsky. His plan of destruction, instead of development, impoverished the land to which he dictates. America poured out generously from its stores of food to relieve its famished dupes and victims, it lavishly spent its millions for relief and shelter, better than all it sent its most learned physicians and its most skilled nurses to minister to dying children and ailing hordes.

Americans, as a mass, are interested in aviation only as it marks a new achievement in development and a prospect of traveling at a faster gait than they are able to attain with the automobile. They are altogether unconcerned about asphyxiation. They have a multitude of ways to shuffle themselves off this mortal coil without, except in rare cases, doing it by the fearsome route of asphyxiation.

### BOTH EQUALLY BAD

FORESTER LEETE, of Scioto county, thinks he has found the identical match that started one of the worst and most uncontrollable forest fires that have raged in this region for years.

The match was tossed into a bunch of tall grass and started a blaze that spread with great rapidity and covered a large section, killing practically all the timber within its reach.

Of course, it is not known whether the grass was ignited in wantonness or out of mere carelessness. One cause was as bad as the other, at least in the effect that followed.

We often wonder what must be the state of the miserable soul, when he sees such woeful results following his acts. Whether it be willful or negligent, its self-reproach ought to be about the same. In either spirit he must call himself a criminal. For he who is utterly indifferent to the loss or damage he inflicts upon another is criminal either in embryo, or in actual determination, as honesty and integrity are of broader reach than the lack of a present intent to injure another; they are a vital respect and observation of the rights of every fellowman.

### YOUR THOUGHT AND VOTE

NO matter if his defeat was overwhelming, no man can deny that James M. Cox brought credit to the Democratic party and added to his own lustre by the contest he carried on for the presidency in the campaign of 1920. It would be foolish to say that a man of his keenness of discernment did not realize to the full the terrific odds that confronted him, but undismayed, with a superb courage, a tireless energy and a fine ability that extorted admiration from even his opponents, he carried on unwaveringly and without apology until the vote was cast.

Always esteemed for his talent his stature grew big in that campaign as one of the most gifted men in the country. He left no doubt in the minds of the people as to where he stood and he, at least won the great victory of establishing the people's belief in his honesty and fearlessness.

The country needs those qualities now more than ever. It must have a president whose acute integrity and dauntless courage are neither to be put to sleep, nor deceived.

James M. Cox is again a candidate for president. Ohio owes it to him, more than that, owes it to herself, to get back, of him in next Tuesday's primary and give him a wholehearted re-indorsement.

Democrats can do their duty no better than by giving him their preference as presidential choice and voting for delegates committed to his support.

These delegates in this district are William N. Inman and George B. Nye.

As near as we can get the Oriental mind, Ambassador Hanihara doesn't mean us to understand Japan is going to fight over the immigration bill, only that she means to stay in a fighting humor. May be until she can sneak upon us in the dark and jolt us one.

The Norfolk and Western has elected a new president, A. C. Needles succeeding N. D. Maher in that position, and the latter retiring under the pension regulations of the railroad. The new president was formerly division superintendent at Portsmouth. Perhaps, he will give her a new station next year.

## NEW YORK DAY-BY-DAY

BY G. O. MCINTIRE

NEW YORK, April 24.—In some ways Gotham is the most difficult town in the world in which to make a living. You hear much of the new-comer beating vainly against the gate and of the metropolitan heart as flinty as its rock-ribbed foundation.

There is much to be said for either viewpoint. It is a city where the original idea is the biggest factor in making for success. It upsets many of the platitudes—such as "keeping everlastingly at it"—etc. I know many men who are growing rich and yet who work perhaps an hour a day.

They have an idea, and it is always something different. No city will pay such a high price to be amused. The performer who can offer a bit of originality is sure of big rewards. It may be a grotesque dance, a silly song or barbed wit.

The people who come here and meet with the greatest discouragements are those who have nothing above the commonplace to offer. Competition in the commonplace is almost tragically keen. The average worker in the average line is far better off in smaller cities.

Ordinary business transactions are a constant despair. The salesman spends the largest part of his time waiting in ante-rooms to see the buyer. There are always delays that dishearten. The "conference" is one of the biggest set-backs in salesmanship.

Along Madison avenue in mid-town are innumerable florists. Competition is decidedly brisk. One dealer found he was losing out in the race. He stalked all on a single idea. He kept closed during the day and opened from 7 in the evening until 1 in the morning.

He had a fresher supply of wares. He offered special motorcycle delivery service and his trade for the theatres and to midnight supper club patrons more than tripled his former patronage. It was the idea again.

A few years ago there were only about five florists in the city, each season. The past season there were 35 florists. That is to say, at 35 the stores the attractions played to capacity houses every matinee and evening.

## Doc Koko's KOLUM

MARY'S SISTER

Mary had a little lamb  
And my how she did love it.  
She also has a little cat.  
The same she'll always covet.

It's said she one time had a dog.  
But my, that story's old—  
We'll not repeat it cause we know  
You've often heard it told.

Now Mary had a sister  
And the sister's name was Nell;  
A new guy came to town one day  
And Mary's sister fell.

The worst of it was simply this:  
The new guy saw it all.  
He saw poor Nell, her dress long,  
Get tripped on same old fall.

(Pleins.)  
—Spotlite.

Wrong Again

Marie—"Is my hat on 'straight Henry?"  
Henry—"Quite straight, my dear. Now do hurry—we're late already."

Marie—"Will, I shall have to go back, then—this isn't the sort of hat that is worn 'straight!" — London Posing Show.

But Mama Was Not In Hearing

"Papa, why do brides wear long veils?"  
"To conceal their satisfaction, I presume, my son." — Ezra Triplett.

History Still Repeating

"Willie, asked the teacher, 'what was it Sir Walter Raleigh said when he placed his cloak on the muddy road for the beautiful queen to walk over?'"  
Willie, the ultra-modern, gazed about the classroom in dismay, and then, taking a long chance, replied: "Step on it, kid!"

Teacher—"William, name the chief invention of Thomas A. Edison."  
William—"The questionaire."

A Gift With a String to It

A Texan who occasionally substituted for brother preacher in a remote country parish, was scandalized on observing the old deacon, who had been collecting the offering, quietly abstract a coin before presenting the plate at the altar-rail.

After service he called the old man into the vestry and told him with some emotion that his crime had been discovered.

The deacon looked puzzled for a moment. Then a sudden light dawned on him. "Why, sir, you don't mean that old-dollar of mine? Why, I've led off with that for the last fifteen years!"

AND YOU ENNIED ALL THE OTHER GIRLS THEIR YOUTH AND BEAUTY

AND ONE DAY YOU MEET THE DARNDDEST HOMELIEST WOMAN YOU EVER DID SEE! WOW!

AND YOU GO HOME AND GIVE YOURSELF A GOOD LOOK — JUST FOR FUN

AND YOU DECIDE YOU'RE NOT SO BAD AFTER ALL DOGGONIT!

OH-H-H-GIRLS! AIN'T IT THE GOO-RANDEST AND GOB-LORIOUSEST FEELIN'??? Gosh!

BRIGGS

Right Again

The teacher was exasperated at the inattention of her class. The lesson had been on machines and Edison's inventions had been mentioned.

"Now, then," asked the teacher impatiently, "from what was the first talking machine made?"

After a lengthy silence a voice from the back exclaimed: "Please, miss from a rib."

Handicapped

"That actor will never get ahead," "Why not?"

"Doesn't know how to take his own part."

Uninteresting Item

A traveler who had stopped in Springfield, Illinois, was being piloted along the route by a loquacious but somewhat tiresome cab driver who in-

sisted on regaling him with local news of little interest to strangers. As they passed one house the Jehu pointed the butt of his whip at it and remarked: "Lincoln's home."

"Is he, indeed?" returned the traveler, bored but still polite.

Already Settled

Mother—"If your husband won't give you a maid and finds fault with you

for the way you wash the dishes, why don't you make him wash them himself?"

Daughter—"He does."

No References Required

"Before giving you a final answer," she said with a becoming blush, "I shall refer you to papa."

"But I am perfectly willing to take you without any reference," he said magnanimously.

## EVERETT TRUE BY CONDO

— AND THE WHOLE DAY HAS BEEN JUST LIKE THAT. THIS IS THE FIRST CHANCE I'VE HAD TO GET OFF MY TIRED FEET, AND I — LISTEN —

DON'T READ WHEN I'M TRYING TO TELL YOU SOMETHING! AND

DON'T PULL THAT KIND OF A FACE, EITHER!! I'M THE ONLY ONE IN THIS FAMILY THAT'S ENTITLED TO POSE AS A MARTYR!!!

BEAUTY PRIZE WINNERS HAS GOTTA EXPECT MARRIAGE PROPOSALS, POLLY.

I CAN'T STAND THE STRAIN I'VE MADE DELICIA MY CORRESPONDING SECRETARY.

ETC. ETC. curly hair 21 years old am six ft. tall in my stocking feet and have a very affectionate nature, etc. etc.

ETC. ETC. impossible. But I got a lil cousin named Delicia. (tho not quite so beautiful as me) who has a awful kind heart, etc. etc.

## BARNEY GOOGLE AND SPARK PLUG Well, Anyhow, There's Nothing Lacking About Barney's Enthusiasm BY BILLY DE BECK

BARNEY, SOME OF THE MOST PROMINENT SCOTS IN TOWN ARE HAVING A PARADE TODAY IN FULL REGALIA

WHY DON'T YOU SHOW GOOD SPORTSMANSHIP AND JOIN 'EM? THEY'RE ALL STEAMED UP ABOUT 'HOOT-MON' COMING OVER AND ARE GONNA BET THEIR SUGAR THAT YOUR SPARK PLUG AIN'T GOT A CHANCE AGAINST HIM

SHOW 'EM WHAT KIND OF A CUCUMBER YOU ARE, KID!

TELL THE BOYS I'LL BE THERE AND TO WAIT FOR ME I'M IN A BLANKET

NELL'S BELLS! I WAS A PATSY TO GET ROPED IN ON THAT PARADE I AIN'T GOT ANY COSTUME — NO KILTS — NO NOTHING!

THAT SWELL PLAID SHIRT I USTA WEAR JUST THE THING!

HOOT MON
